

Cortisone skin

Well my hand fell up in the sky
Hey to reach for the silly clouds
Ah but you see
there was a hole in my hand
where the clouds slipped through and away
Hey hey

Then my hand fell back into the dirt
and my skin began to crack
Hey now I am
the invisible man
Hey hey, with cortisone skin
Hey hey

Once you get a hole in your hand you'll soon have
a hole in your head where the silly clouds
escape from you
