

### **That Frisco Beat**

Oscar Muur was seen in the disco  
smoking hasch in the ladies room

Fiona X-Ray was living for the disco  
dancing her life away

The silvery fish from the surface of the water  
were twisting their tails on the dance floor

Radisco Swisco was dj in the disco  
and the creatures on the floor were dancing  
That Frisco Beat

Four young girls climbed in through the window  
and Bill Gates was just a kid

The holy crows navigating with the dreamtime  
sat in a row, like passengers on a bus

Oscar Muur climbed out through the window  
for his Saturday night throwing up on the sidewalk

Radisco Swisco, tall as a bowl, he was the music  
and the creatures on the floor were dancing  
That Frisco Beat
