

## To get inside your pants

My name is Ben  
and this is my car  
I need a friend  
And I have travelled far  
to get inside your pants  
to get inside your pants

I am lonely and scared  
all sweaty and wet  
But here in your bed  
a snake is awake  
to get inside your pants  
to get inside your pants

You are my star  
and you are my space  
You are my girl  
and you are my face  
You are my nights  
and you are my days
