I'm just a boy and now I'm on my way to meet my girlfriend arriving on a southern train
She's got blond hair standing right up at the swedish grey sky to meet me there

Big blue eyes I love your loving mind and smile smile which tastes divine
Follow this heart of mine to my stolen bed five thousand miles away from home

I can show you worlds to find beyond what any teacher ever said to you would be what he or she
could see was true
See these eyes for you will always show you something new

Big blue eyes I love your loving mind and smile smile which tastes divine
Follow this heart of mine to my stolen bed five thousand miles away from home
