

Loco android

She will go to Mars
if I don't stop this bus
But if I delete it
what will happen to us
standing in this line
Jean-Paul and all his friends
Leaving the android alone
is probably safe

She will go to Mars
if we don't stop the cloud
But if we delete it
what will happen to us
standing in this line
watching George Orwell dance
Leave the android on the bus
Pray she won't delete us
